

Amendments to the Drawings

Figure 3

Replace the label “sequenced interactions” in box number 32 with “flow control structures”.

Figure 4

amend drawing of cylinder for application meta data repository 54 to fully encompass and surround the identification field 56.

Figure 5,

delete “YES” of block “Read Input Scripts”;
replace diamond shape of blocks “Read Error?”, “Parse Error?” and “Conversion Error?” with rectangular shape blocks; and
delete question marks from blocks “Read Error?”, “Parse Error?” and “Conversion Error?”.

Figure 6

delete reference number 54.

Figure 7

replace “AOM” with application object model.

Figure 11

replace reference number 381 with 318.
